Did you know

Lewannick Surgery is to be refurbished. Work should be completed by July 2016. More storage is being created, repainting and carpet spruced up.

ALSO

As from 30th March patients can request to see parts of their medical records which include allergies and prescriptions. They will also be able to see results (in volume form) and Immunisations. Patients still have to request this even though they have on-line access for booking appts, we have leaflets at Reception explaining it all.

Diabetes & Healthy Eating II

Following the small but successful start to the Diabetes sessions on 5th April, the Group have been asked to repeat the day, encourage more “experts” to attend and to make sure the details of the day are known well in advance.

It is hoped to be able to repeat the day on **8th June** during Patients Group Awareness week from 6th to 11th June at Lewannick Village Hall from **2 to 4pm**. A Diabetes Support Group has also been suggested and the Group hope to have this in place by 8th June. If you would like to get involved with this potential group, please let Maggi know on 07712301743. This should be a locally run group with the support of the Diabetes UK.

A further session is in planning for Bodmin patients, in the Shire Hall but date & time are yet to be confirmed.

At the May Fair n Lewannick, we will be present during some fundraising and Group Awareness.

Exciting News for 2016 Events
